and the Life.

**May, 2019**

Anytime there is a great celebration, after all is said and done, the emotional "high" from that experience can often lead to emotional lows. Now that we are a couple of weeks removed from Easter, it can be easy for the power of Jesus' resurrection from the dead to fade. Reading the final verses of Matthew's Gospel, we get a final teaching from Jesus about what we are to do after He returns to the Father: "Go therefore and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, and teaching them to obey everything that I have commanded you" (Matthew 28:19-20).

Making disciples is one of the biggest jobs we have to do in the name of Jesus. So over the next month or so, we are going to focus on how to live out the "Great Commission", and do so with our friends at Shenango Presbyterian Church in a couple of different ways. First, Pastor Aaron, Pastor Michael, and Lay Pastor Steve Plyler will be preaching a series on this topic at both churches, ranging from evangelism, understanding our own faith stories and everything in between.

During this series a Thursday evening study on evangelism will begin May 9th and be led by Steve Plyler. It will begin at 6:30pm and be hosted at Shenango Presbyterian Church, 3144 Wilmington Rd. This will be an interactive, workshop type study that will seek to help us put our faith into action to make disciples. Our Prime Timers' group has already started a study on the book of Acts on April 23<sup>rd</sup>, which will also help us think about what it looked like for the early church to make disciples.

Our prayer is that these things will help us to grow closer with the Lord, with one another (especially with our friends at Shenango Church), and help us all understand the mission set before us as the church. Find a way to plug in and keep the power of our resurrection faith vibrant in the kingdom around us!

Your Co-Pastors,  
Aaron and Michael

**Dates to Remember:**

April 28, 2019 - Health Ministry Team Meeting

Health Tip: "Consume enough Vitamin D. Working with calcium, this vitamin helps keep bones strong. In addition, many studies have looked at its potential to reduce the risk of everything from some common cancers and multiple sclerosis to diabetes, hypertension, and age-related muscle weakness, especially in the lower legs. The RDA is 600-800 IU of vitamin D a day, but 800-1000 IU is a better target for everyone. Most people need to take supplements to meet this goal."
